

TIER 3 PUBLIC NOTICE

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Monitoring Requirements Not Met for MORENCI WATER ELEC CO MAIN

Our water system violated drinking water standards over the past year. Even though these were not emergencies, as our customers, you have a right to know what happened and what we did to correct these situations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During August, 2025 we did not monitor or test for total carbon and alkalinity and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the contaminant(s) we did not properly test for during the last year; how often we are supposed to sample and how many samples we are supposed to take; how many samples we took; when samples should have been taken; and the date on which follow-up samples were (or will be) taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When samples were taken
<i>Total Carbon</i>	2 samples every month	0	August 2025	September 2025
<i>Alkalinity</i>	1 sample every month	0	August 2025	September 2025

What is being done?

We are currently evaluating more efficient methods for transporting drinking water samples to the laboratory to ensure they consistently meet all required holding times, temperature conditions, and regulatory standards. Our goal is to improve reliability in sample delivery by optimizing transport logistics, strengthening handling procedures, and enhancing overall quality control throughout the collection-to-analysis process.

For more information, please contact Morenci Water & Electric at 928-865-2229 or P.O. Box 68 Morenci, AZ 85540.

Please share this information with other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
